STRIKEZONE

Indoor
 Baseball & Softball
 Sports Facility

Cleveland, Tennessee

indoorstrikezone.com

Cleveland's First Indoor Baseball & Softball Sports Facility.

This new indoor facility features approximately 12,000 sq. feet of training aids for all ages in baseball and softball. Individual rentals are available as well as team rentals.

Batting & Pitching

We offer 3 batting cages that measure (12x12x70) with pitching machines. The pitching machines will accommodate baseball or softball. The pitching machines will throw pitches from 25 mph to 100 mph fastballs.

We also have 2 bullpen areas designated for pitchers and catchers. The bull pen areas are designed for any age group baseball or fast pitch softball. The mounds are built to facilitate real dirt for the pitchers making it as close to a real mound as you can get indoors.

We also offer 3 areas for Tee-work whether it is for a team working on batting skills or that beginner starting Tee-ball.
